February 1, 1988

TO: Heads of State Agencies and Special Districts, Chairs of
County Governing Bodies, Mayors and Interested Persons

FROM: James F. Ross, Director 

SUBJECT: NOTICE OF PROPOSED AMENDMENTS TO THE STATEWIDE GOALS

The Department will recommend that the Land Conservation and Development Commission consider and adopt, at its February 17, 1988 meeting, the proposed amendments to the statewide goals provided to you in early December, 1987. In response to comments on those proposals, the Department also will recommend certain additions and modifications to those amendments, as shown in the attached material. **This notice is to request your comments for the Commission's review of these proposed amendments as required by ORS 197.235(2) and 197.240(1).**

The Department held public hearings around the state for these proposed amendments between December 16, 1987, and February 9, 1988, as required by ORS 197.235(1). Written comments submitted at the hearings have been provided to the Commission.

Please note that the enclosed additions and modifications affect Goals 9 and 11. No amendments to those goals were described in the material sent to you in December. The Department is recommending such amendments now in response to a request from the Economic Development Department.

The proposed amendments to **Goals 9 and 11** incorporate appropriate sections of ORS 197.707 to 197.717 regarding "Economic Development" and delete conflicting or unnecessary goal language. These provisions were already part of LCDC administrative rules at OAR 660, Division 9, "Industrial and Commercial Development" and Division 11, "Public Facilities Planning."

If you would like to offer written comments on any of these proposed amendments to the Statewide Goals, please submit them to the Department by February 8, 1988. Written and oral comments may also be presented directly to the Commission at its February 17, 1988 meeting.

If you have any questions, please contact Craig Greenleaf at 373-0063.
